Statement of intent

Travis St Lawrence CE Primary School takes the health and wellbeing of its pupils very seriously. As described in the Supporting Pupils with Medical Conditions Policy, the school aims to support pupils with physical disabilities and illnesses to enable them to have a full and rich academic life whilst at school.

The governing board recognises its duties and responsibilities in relation to the Equality Act 2010, which states that any pupil with an impairment affecting their ability to carry out normal day-to-day activities must not be discriminated against.

Pupils will always be treated with care and respect when intimate care is given, and no pupil will be left feeling embarrassed.

such as colostomy bags, menstrual hygiene, helping someone use the toilet, or washing intimate parts of the body.

- 2.4. Pupils may be unable to meet their own care needs for a variety of reasons and will require regular support.

3. Health and safety

- 3.1. The Health and Safety Policy lays out specific requirements for cleaning and hygiene, including how to deal with spillages, vomit and other bodily fluids.
- 3.2. Any member of staff that is required to assist a pupil with changing a medical bag will be trained to do so and will carry out the procedure in accordance with the Supporting Pupils with Medical Conditions Policy.
- 3.3. Staff will wear disposable aprons and gloves while assisting a pupil in the toilet or while changing a nappy, incontinence pad or medical bag.
- 3.4. Soiled nappies, incontinence pads and medical bags will be securely wrapped and disposed of appropriately.

4.4. Pupils who are not mobile will be changed on a purpose-built changing bed or changing mat on the floor.

4.5. Staff will be supported to adapt their practice in relation to the needs of individual pupils, taking into account developmental changes such as the onset of puberty or menstruation.

5. School responsibilities

5.1. Arrangements will be made with a multi-agency to discuss the personal care needs of any pupil prior to them attending the school.

5.2. Pupils who require intimate care will be involved in planning for their own healthcare needs wherever possible.

5.3. In liaison with the pupil and parents, an individual intimate care plan will be created to ensure that reasonable adjustments are made for any pupil with a health condition or disability.

5.4. Regular consultations will be arranged with all parents and pupils regarding toilet facilities.

5.5. The privacy and dignity of any pupil who requires intimate care will be respected at all times.

- 5.6. A qualified member of staff will change the pupil, or assist them in changing themselves if they become wet, or soil themselves.
- 5.7. Any pupil with wet or soiled clothing will be assisted in cleaning themselves and will be given spare clothing, nappies, pads, etc., as provided by the parents.
- 5.8. Members of staff will react to accidents in a calm and sympathetic manner.
- 5.9. Accurate records of times, staff, and any other details of incidents of intimate care will be kept, and they will be stored in the child's file.
- 5.10. Arrangements will be made for how often the pupil should be routinely changed if the pupil is in school for a full day, and the pupil will be changed by a designated member of staff.
- 5.11. A minimum number of changes will be agreed.
- 5.12. The family's cultural practices will always be taken into account for cases of intimate care.
- 5.13. Parents will be contacted if the pupil refuses to be changed, or becomes distressed during the process.
- 5.14. Excellent standards of hygiene will be maintained at all times when carrying out intimate care.

6. Parental responsibilities

- 6.1. Parents will change their child, or assist them in going to the toilet, at the latest possible time before coming to school.
- 6.2. Parents will provide spare nappies, incontinence pads, medical bags, wet wipes and a change of clothing in case of accidents.
- 6.3. A copy of this policy will be read and signed by parents to ensure that they understand the policies and procedures surrounding intimate care.
- 6.4. Parents will inform the school should their child have any marks/rashes.
- 6.5. Parents will come to an agreement with staff in determining how often their child will need to be changed, and who will do the changing.

7. Safeguarding

- 7.1. Intimate care is a regulated activity; therefore, only members of staff who have an enhanced DBS certificate with a barred list check are permitted to undertake intimate care duties.

- 7.2. Wherever possible, staff involved in intimate care will not be involved in the delivery of sex education to the pupils in their care as an extra safeguard to both staff and pupils involved.
- 7.3. Individual intimate care plans will be drawn up for pupils as appropriate to suit the circumstances of the pupil.
- 7.4. Each pupil's right to privacy will be respected. Careful consideration will be given to each pupil's situation to determine how many carers will need to be present when the pupil requires intimate care.
- 7.5. If any member of staff has concerns about physical changes to a pupil's presentation, such as marks or bruises, they will report the concerns to the Designated Safeguarding Lead immediately.

8. Swimming

- 8.1. Pupils in Year 5 regularly participate in swimming lessons at Thorne Leisure Centre: during these lessons, pupils are entitled to privacy when changing; however, some pupils will need to be supervised during changing.
- 8.2. Parental consent will be obtained before assisting any pupils in changing clothing before and after swimming lessons.
- 8.3. Special consideration will be taken to ensure that bullying and teasing does not occur.
- 8.4. Details of any additional arrangements will be recorded in the pupil's individual intimate care plan.

9. Offsite visits

- 9.1. Before offsite visits, including residential trips, the pupil's individual intimate plan will be amended to include procedures for intimate care whilst off the school premises.
- 9.2. Staff will apply all the procedures described in this policy during residential and off-site visits.
- 9.3. Meetings with pupils away from the school premises, where a chaperone is not present, will not be permitted, unless approval has been obtained by the Head Teacher.
- 9.4. Consent from a parent will be obtained and recorded prior to any offsite visit.

10. Toilet training in the Foundation Stage

- 10.1 In liaison with Foundation Stage Staff, the pupil and parents, an individual intimate care plan will be created.
- 10.2 Changing a child will normally be undertaken by an early year's practitioner or TA familiar to the child. Additional staff may be pulled from other areas of schools to ensure staffing levels are maintained
- 10.3** We will not assume that the child has failed to achieve full continence before starting school because this has not been attempted in the home. We recognise that every child's development is individual. However, where this is the case we will develop a positive and structured approach, in partnership with parents and carers, to ensure a successful outcome for a child.
- 10.4** A successful transition to independence in the Foundation Stage in this area of self-care is more likely to be achieved when we, as practitioners work closely with parents with a positive approach to supporting the child in this aspect of their development.
- 10.5** There are other professionals who can help with advice and support. The Family Health Visitor or school nurse will be able to offer support and advice in this area. Health care professionals can also carry out a full health assessment in order to rule out any medical cause of continence problems.
- 10.6** If more complex needs are identified the Intimate Care Plan will be reviewed alongside parents, school staff and other agencies involved in supporting the family.

11. Policy review

- 11.1. This policy is reviewed every two years by the Head Teacher
- 11.2. The scheduled review date for this policy is February 2022.
